## Department of Health

The Department of Health, Adult Mental Health Division has the following written updates:

- The Adult Mental Health Division will be launching an Intensive Case Management (ICM) Pilot Project Program for our homeless consumers in the Pre-Booking Jail Diversion and Central Receiving Division program. The ICM team will consist of a Case Management team leader, Psychiatrist or Advanced Practice Registered Nurse with Prescriptive Authority (APRN-Rx), registered nurse (RN), and a peer support worker (i.e. Hawaii Certified Peer Specialist). The ICM team will provide ongoing assessment and interventions to assist homeless consumers with symptoms that may impair each consumer's ability to function at their highest level and become successful in the community. This program will assist with consumers with the risk potential of:
  - Hospitalization at the Hawaii State Hospital (HSH)
  - Visit to the ER for psychiatric care
  - Arrest
  - Suicide
  - Violence and deterioration in psychiatric status

One of the programs goals is for the development of personalized strategies for empowering consumers to manage their mental illness and to educate and utilize their support system to assist in a knowledgeable and informed manner.

- On April 1, 2017, The AMHD will increase homeless outreach on Oahu with the contracted providers increasing their staff. This increase will assist providing homeless outreach coverage in areas that were previously difficult to reach due to limited staff.

# HAWAII PATHWAYS PROJECT (HPP)

March 6, 2017

## CURRENT PROJECT STATUS

### 1. Transition Actions

- i** • Since October 2016, HHH, ADAD, the Governor's Coordinator on Homelessness (Scott Morishige), and the Mayor's Office on Housing (Jay Parasco), have collaborated to utilize Winston Hale and Pauahi Hale as single site housing for the Hawaii Pathways Project clients. Pauahi Hale is set up to house 12 clients, while Winston Hale is set up for 18 clients.
- Since December 2016 HHH has coordinated with Mental Health Kokua, the CHOW Project, and U.S Vets for case management services, tenancy support services, and background checks. This collaboration has resulted improving the process of moving 30 clients into Pauahi Hale and Winston Hale.
- The 30 clients have been identified and are in various stages of move-in process. The City Housing Office and HHH project the first clients will move in during March 2017.
- Catholic Charities Hawaii (CCH) staff has been further modified. Rona Fukumoto will no longer work with HHH in transitioning clients. All client related services have been retained by HHH. HHH has subcontracted tenancy support services, housing specialist services and employment services to the CHOW Project and Mental Health Kokua.
- The CABHI Grant Project Officer at SAMHSA has been notified of ADAD's plan to extend the project service date, originally designated March 31, 2017 in the No Cost Extension, to July 31. This would allow for 60 days (August 1-September 30, 2017) for project close out. ADAD's Hawaii Pathways Project Coordinator has discussed this plan with HHH and ADAD's fiscal branch to ensure coordination and timely submission and reconciliation of all HPP invoices and FFRs for submittal to SAMHSA.
- HICH, HPP, MedQuest Division (MQD), AMHD, and Hawaii Public Housing Authority (HPHA) continue to collaborate on the statewide plan for homelessness: -MQD's 1115 waiver, that defines Tenancy Support Services and the target population, is in final stages for submission, review and approval. This is an important piece in the sustainment plan for Housing First in Hawaii as it provides a means for tenancy support services to be implemented in the community without the requirement of CABHI funding. MQD expects a response by September 2017.  
  
ADAD and Scott Morishige have coordinated to provide "Bridge Funding" to HHH until MQD's waiver may allow for independent provider billing.
- HHH's transition process is in implementation. Case management services have begun with other providers and the "warm handoff" process is underway. Those

clients that have been identified and connected to case management services other than HHH have begun working with those organizations.

- The technical assistance for the Hawaii Pathways Project sustainment plan is being provided by Corporation for Supportive Housing (CSH) and is currently underway. CSH has made two visits to Oahu and has met with multiple stakeholders one on one and in a group setting. This service is set to continue until September 30, 2017.
- HHH and HPP Coordinator have also retained the services of Dr. Sam Tsemberis, founder of Housing First, Inc. His technical assistance is being utilized by the project service team. HHH is the primary coordinator for Dr. Tsembaris.

- 66: Total placed
- 60: Total Housed; includes those with **neutral exits** (03-deceased in housing; 01-transitioned to care home)
- 56: Total housed currently

## 3. Vouchers

- 75 vouchers total provided by 7 sources (State, City, Shelter Plus, HUDVASH, U.S. Vets, Gregory House)
- 63 of those have been accounted for, as in a there is a name linked to that voucher
- 13 of the 63 are in the process of housing placement or rapid rehousing
- 12 are in the balance, no name linked to the voucher
- 03 awaiting referral by the VA through HUD VASH program
- 09 awaiting referral by US Vets program
- 73 of the 136 are awaiting a “flexible” housing voucher

## **Bridging the Gap Update Report**

March 11, 2017

### **Capacity Building Efforts**

- From Dec 8 -15, 2016: Iain DeJong of OrgCode conducted training on Hawai'i Island, Maui and Kaua'i.
  - Thinking and & Acting Like a System of Services and Supports
  - VI-SPDAT
  - Diversion
  - Coordinated Entry & Prioritization
  - Measuring Performance & Making Program Adjustments
  
- BTG leadership is coordinating additional two-day learning clinics in May & June 2017 to be held on each island. Service offer will include the following and connecting its relevance to the CES:
  - Rural Homelessness Solutions
  - Street Outreach to Housing
  - Being an awesome shelter
  - Housing Stabilization that works and
  - Effective Continuum of Care

### **Coordinated Entry System for Families**

OrgCode staff Erin Wixsten engaged with homeless family providers from October 2016 to Feb 2017 on Kauai, Maui and Hawaii Island to gather input from providers of what the Family CES could look like. 20 representatives from BTG traveled to Oahu on February 16 and participated in the kickoff event of Hawaii's Coordinated Entry System for families. BTG joined PIC members at this event. Participants received a copy of the operating manual. This event was sponsored by Hawaii Community Foundation. Next Steps for BTG include HMIS training for CES conveners/managers on each island. County government is taking on the leadership role to be the conveners of the CES for BTG on each island.

### **Homeless Point in Time Count 2017**

HPIT count was conducted the week of January 23, 2017 with the question, where did you sleep on January 22? Surveys were entered into the new Caseworthy HMIS & shelter census have been confirmed. Intention is to conduct a joint press release with PIC as was done in 2016. BTG will work with PIC to generate data highlights for a joint press release.

### **BTG, National Spotlight at National Alliance to End Family & Youth Homelessness Conference**

National Alliance to End Homelessness (NAEH) invited, Bridging the Gap Chair, Brandee Menino, to be a speaker at this year's conference held in Houston, Texas regarding Continuum of Care Leadership. (February 23, 2017)

*Respectfully Submitted, Brandee Menino – BTG Chair*
