

OFFICE OF THE GOVERNOR
STATE OF HAWAII

PROCLAMATION

By the authority vested in me as Governor by the Constitution and laws of the State of Hawai'i, in order to provide relief for disaster damages, losses, and suffering, and to protect the health, safety, and welfare of the people, I, DAVID Y. IGE, Governor of the State of Hawai'i, hereby determine, designate and proclaim as follows:

WHEREAS, recent annual statewide homeless counts have indicated that Hawai'i continues to have the highest per capita rate of homelessness in the nation; and

WHEREAS, the 2018 statewide point-in-time count, which is a statewide unduplicated count of homeless individuals and families throughout Hawai'i, estimates the total number of homeless individuals statewide is 6,530; and

WHEREAS, the statewide count estimates the number of unsheltered homeless individuals is 3,475; and

WHEREAS, these unsheltered homeless individuals and families struggle with access to toilets, showers, and clean water; and

WHEREAS, these unsheltered homeless individuals and families require health and social services in order to maintain themselves safely and in reasonable health; and

WHEREAS, many of the chronically homeless unsheltered individuals and families are medically vulnerable and dealing with severe mental illness, long-term physical disabilities, or addiction; and

WHEREAS, the efforts of state and county law enforcement agencies enforcing state and county laws and providing for the public health and safety are resulting in homeless moving from public lands; and

WHEREAS, current services for the homeless population have been successful in assisting a large number of homeless individuals and families and placing them into shelter and permanent housing, but many more individuals remain in need of housing and assistance; and

WHEREAS, there is a critical need to divert homeless individuals and families from frequent utilization of the healthcare and criminal justice systems by connecting them to stable housing and services, such as mental health services or substance abuse treatment services, that will stabilize their health conditions and reduce the risk of negative interactions with law enforcement; and

WHEREAS, various long-term housing projects and other programs to assist in diverting homeless individuals from the healthcare and criminal justice systems are in the process of being developed, but more time is needed to allow for completion;

WHEREAS, on October 26, 2015, I issued my Proclamation relating to the homeless emergency and six supplementary proclamations relating to the homeless emergency which resulted in significant efforts and initiatives at alleviating the homeless problem in Hawai'i and while much has been done, additional measures are needed to address the homeless problem in Hawai'i; and

WHEREAS, the City and County of Honolulu has the largest population of unsheltered homeless individuals and families in the state, consisting of over 2,000 unsheltered individuals, and is exploring options and plans to develop or operate affordable rental housing, permanent supportive housing, and temporary housing for homeless individuals and families; and

WHEREAS, the County of Kaua'i has an estimated unsheltered homeless population of nearly 200 persons and is exploring options and plans to expand current shelter capacity and/or develop or operate permanent supportive housing or healthcare and criminal justice diversion programs for homeless individuals and families; and

WHEREAS, the County of Maui has an estimated unsheltered homeless population in excess of 400 persons that are residing in areas not meant for human habitation, and is exploring options and plans to expand current shelter capacity and/or develop or operate permanent supportive housing or healthcare and criminal justice diversion programs for homeless individuals and families; and

WHEREAS, the County of Hawai'i has an estimated unsheltered homeless population in excess of 600 persons and is exploring options and plans to expand current shelter capacity and/or develop or operate permanent supportive housing or healthcare and criminal justice diversion programs for homeless individuals and families in both East and West Hawai'i; and

WHEREAS, the State of Hawai'i is looking to sustain effective practices to address unsheltered homelessness, such as the Family Assessment Center in Kakaako, and the Law Enforcement Assisted Diversion program; and

WHEREAS, efforts are being made to identify various locations on which buildings may be constructed, installed, renovated, or operated in order to provide long-term or temporary housing for homeless individuals in a safe and sanitary manner and provide appropriate health and social services to them; and

WHEREAS, these possible locations, as well as others that may be identified, will be designed to provide both temporary and long-term housing for individuals and families experiencing homelessness and/or provide appropriate health and social services to divert these individuals from frequent utilization of the healthcare and criminal justice systems and to permanently house them; and

WHEREAS, the completion of these temporary and long-term housing sites and diversion programs, together with any associated contracts, is necessary to protect the health and safety of the homeless individuals and families; and

WHEREAS, the lack of secure, safe, and sanitary shelter and housing, and adequate health and social services, for the large number of people without homes is endangering the health, safety, and welfare of the people, including families and children, and poses a threat to the environment, and demands emergency action to prevent or mitigate suffering, injury, loss, or damage; and

WHEREAS, pursuant to sections 127A-14 and 127A-16, Hawaii Revised Statutes, the Governor is authorized to determine whether an emergency or disaster has occurred, or there is an imminent danger or threat of an emergency or disaster and authorize actions under chapter 127A, Hawaii Revised Statutes, and the expenditure of funds thereunder; and

WHEREAS, pursuant to section 127A-13(a)(3), Hawaii Revised Statutes, the Governor is authorized to suspend any law which impedes or tends to impede or is detrimental to the expeditious and efficient execution of, or to conflict with, emergency functions, including laws specifically made applicable to emergency personnel; and

WHEREAS, pursuant to section 127A-13(a)(2), Hawaii Revised Statutes, the Governor is further authorized to relieve hardship and inequities or obstructions to the public health, safety, and welfare found by the Governor to exist in the laws and to result from the operation of federal programs or measures taken under chapter 127A, Hawaii Revised Statutes, by suspending laws in whole or in part, or by alleviating the provisions of laws on such terms and conditions as the Governor may impose; and

WHEREAS, pursuant to section 127A-12(b)(8), Hawaii Revised Statutes, the Governor may suspend chapters 103D and sections 103-50, 103-53, 103-55, 105-1 to 105-10, and 464-4, Hawaii Revised Statutes, and I find that these provisions, in whole or in part, impede or tend to impede the expeditious discharge of emergency disaster relief functions for this occurrence and that compliance therewith is impracticable due to existing conditions; and

WHEREAS, pursuant to section 127A-12(b)(16), Hawaii Revised Statutes, the Governor is further authorized to order and direct government agencies, officials, officers, and employees of the State, to take such action and employ such measures for law enforcement, medical, health, firefighting, traffic control, warnings and signals, engineering, rescue, construction, emergency housing, other welfare, hospitalization, transportation, water supply, public information, training, and other emergency functions as may be necessary, and utilize the services, materials, and facilities of the agencies and officers; and
